Looking through conservatory windows at the end of a long garden, a man is standing wearing a black cloak holding a giant pair of scissors. They snap shut.

A ginger-haired, small boy with knees and arms pushing out at the sides strides forwards.

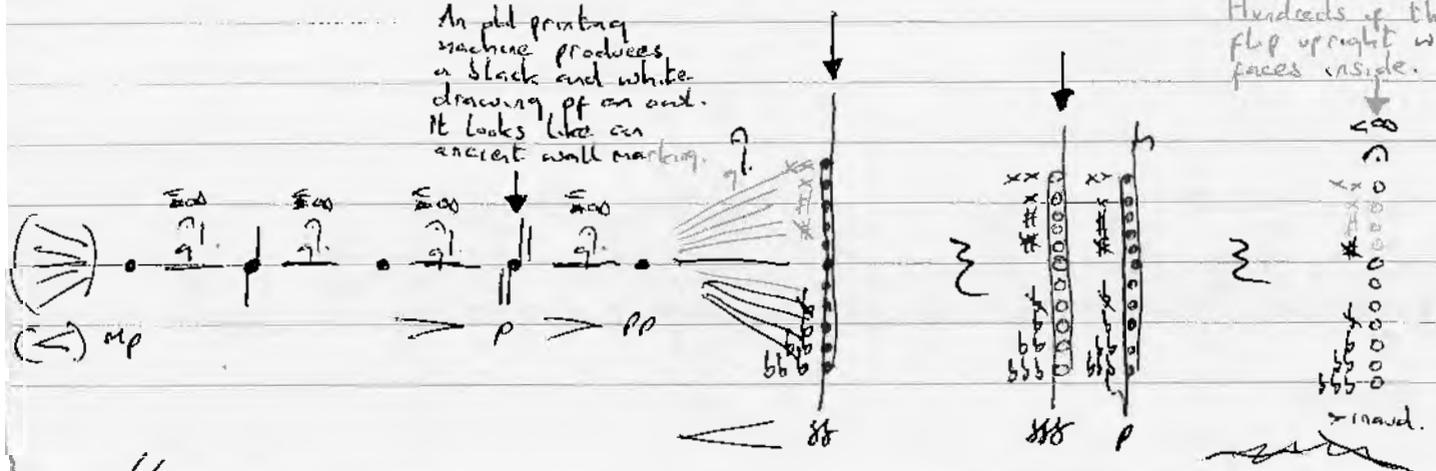

A wooden shelter with a bench. A slim woman with big short hair sits. She's made of grey concrete/clay.

An old printing machine produces a black and white drawing of an ant. It looks like an ancient wall marking.

Three hard metal rulers are balled together, a triangle. Hundreds of them flip upright with faces inside.
